

Making the Most of Medicines Use Reviews for People with Diabetes Community Pharmacy Training Workshop

Wednesday 25th March, Ramada Hotel Shaws Bridge, 117 Milltown Road, Belfast BT8 7XP

Registration & Buffet Supper from 6.30pm - Event 7pm-9.30pm

Dear Community Pharmacist,

You are warmly invited to participate in a workshop designed to help you, your patients and your local primary care teams get as much benefit as possible from Medicines Use Reviews (MURs) for people with diabetes.

Making the Most of Medicines Use Reviews for People with Diabetes is a workshop designed to help pharmacists meet patient expectations, communicate findings effectively with other members of local primary care teams and gain greater familiarisation with the growing range of diabetes treatments now available. The workshop has been developed as a service to community pharmacy by members of the ABPI NI Diabetes Therapy Group, NICPLD, CPNI, UCA, the Primary Care Diabetes Society, Diabetes UK NI and the Royal College of Nursing.

**Training is FREE to attend and will contribute to your
Continuing Professional Development (CPD) Record**

To ensure that attendees receive enough personal attention to benefit fully, numbers will be limited to 150 pharmacists on a first-come-first-served basis.

The workshop will begin with an opportunity to hear from Diabetes UK NI about the needs and expectations of people with diabetes attending for MURs. You will then have the chance to work in small groups to explore how communication with other members of the local primary care team arising from MURs can be improved. You will also discuss with experts the wide range of diabetes treatments now available and gain insight into what to look out for in assessing adherence and management during the MUR. Throughout the workshop, you will also be able to explore and request items from a range of resources available to support you and your patients.

To secure your place at this event, please register for this workshop as soon as possible at www.nicpld.org

All meeting costs including venue and speaker honoraria are being funded by the following ABPI NI Diabetes Therapy Group Members:

We look forward to seeing you there

Making the Most of Medicines Use Reviews for People with Diabetes Community Pharmacy Training Workshop
